

## Our Mission

Developing a community of successful Forex Traders

Remember the saying, " Give a man a fish you feed him for the day, but teach him how to fish, you feed him for life. Go learn to fish, and you will be well fed for life!

At Bindal FX , we teach you a unique yet a simple formula, that only a handful of traders use – Once you master these simple rules you are on the path to generate substantial profits from the markets. At Bindal FX we don't just talk the talk, we are so comfortable with these unique strategies that we actually "walk the walk", and will let you trade live as well with our coaching and hand holding. Often these sessions can enable members to bank over 50 pips. Sometimes we have had great sessions where 200+ pips have been banked. It all depends on the market movement.

Some comments from members who purchased the book;

have also had lot of positive comments, much appreciated, this is what some of you said;

**Jim Jewell** – Jay, Read your ebook and am really impressed. Thanks for the your genuine interest in helping some of us traders to avoid the pitfalls in the Forex trading business and giving us a better chance of being one of the few that succeed.

**P. Patel** - Last couple of days I have made profits using your trading method and am very glad that I have someone to refer to when I have questions. I would really like to thank you for helping me and also answering my questions. I love your mentoring emails.

**J.Martin** – After reading your ebook, I intend to revise my trading plan based on the ideas and methods in your book and look forward to expert help in that area. I like very much your emphasis on simple systems and the meditation, spiritual side as well.

**Ron Smith** - As a new trader, I found your manual very helpful in getting started. Your e-mail mentoring has been excellent. Not many courses offer a follow up service.

**Steve Warren** - I have done various courses, but never have I come across the level of service that you provide.

It is brilliant and second to none. You truly take an interest in your member's success. I have just achieved 1,875 pips in September.

**Z Javed** - Brilliant ebook! - I'd read very good books by Elder, Mark Douglas, Toni Turner, Candlestick course by Nison, Edwin Lefevre etc. however, after reading those I was still trying to find the 'secret' to trading successfully and was not sure about my system.

After reading your book not only have I realised that the 'secret' to successful trading is that there is no secret! but now I've also nearly developed a system from your very effective strategies that suits my psychology and my style. It's made developing my system easier and also one I will have full confidence in - this had been my main problem!

All in all, money well spent! and thank you! YOU ARE A TRUE GURU!!!!!!!!!!!!
